Cupido o Cupidell fou una deïtat romana, i de manera similar als déus Amor i Voluptes fou una versió romana del deu grec Eros i de Kāmadeva a la Mitologia hindú. Se'l fa responsable dels amors i les passions dels mortals.

Ha estat representat com un nen alat, un nadó o un jovenet àngel. Generalment reconegut com a fill de Venus i de Mart, com que és fill dels déus de l'amor i la guerra, Cupido resulta el déu dels enamorats, i crea d'eixa manera un enllaç entre l'amor i la tragèdia.
